Class Requirements: Each Pee wee player must have a parent/guardian present during class. Futures classes end exactly at 4:15 PM; instructors teach back to back classes and are therefore not available beyond class times. Tournament class will start promptly at 4:00 and end at 5:30 PM; once again, children will not be supervised before or after class time. Parents who wish to have their Futures students picked up from St. Ann's may do so by letting both the school and tennis instructors know. Tournament students may also walk over to the park with the Futures group; however, they will be unsupervised until 4:00 PM when class begins and must stay outside on the deck area or under the chickee area next to the tennis court. Remember, this is a tennis instruction class and not an after school program as we do not have staff available to provide a supervised program. Students will be expected to maintain self discipline and abide by the USTA code of behavior during class.
